“ I can't believe I only just now heard about Mrs.Boulden's passing. She had such a huge impact on me and was so important to who I've become. I just finished with my Master's degree and still believe that she was partially responsible for getting me here all the way back in first grade. She taught me how to think critically, to search for information, and that kids are "little people" that should be treated with respect and kindness. I am so sad that I didn't get to visit with her in the past few years but I will be eternally grateful for her. I love you Mrs.Boulden. Thanks for being the best teacher I've ever had.

“ Mrs.Boulden was my 1st and 2nd grade teacher. She was always so good to help me with all of my classwork since I struggled with ADHD. She was also very patient with me as well. I loved her very much and she definitely played a big role in my life. She is also my inspiration to be the LSU Tigers fan I am now. I remember she always had her classroom decorated with LSU decorations. She also made sure that everyone was prepared for Mardi Gras since it is for sure one of the most important times of the year for her! We would all dress in our masks, have competitions on who would make the best "floats", out of shoe boxes, and parade down the hallways of St.Lukes. She would be proud to know that I am now a senior at Lake Hamilton High School and I am doing really well in school and that I graduate in May! I wish she could be there but I know she will definitely be there in spirit saying "Geaux Sydney"! She definitely had a big impact on my life and I will miss her very much.

Much Love,

*I was so saddened to hear of this news. Phyllis taught my "little girl" Amy, many years ago (my daughter is now 32) at St. Luke's , and had such a profound influence on her life, as I know she did on the lives of many children over the years of her dedicated career. Phyllis and I became friends over the years of Amy's schooling, and I loved and appreciated her dedication, her love of life and her sense of humor. She will be very fondly remembered and cherished in mine and Amy's heart. God bless your family and praying you find the peace that surpasses all understanding during this difficult time.

“ Our hearts were broken learning of Mrs. Boulden passing. She was such an important part of mine, my husband and my children's lives. She taught my son and daughter both. So for 4 years straight she was the center of our world. She has had a lasting impact that I don't think she realized. She loved us and we loved her! She gave so much out of the goodness of her heart. Forever remembered is an understatement. We send love and peace to her family that are hurting and to everyone that she impacted.

“ My family and I are deeply saddened of the news of Mrs. Boulden’s passing. Mrs. Boulden made me feel so welcome and secure when I started working at St. Luke’s. She would always ask me about my sons and my daughter. We would just laugh and laugh about everything. I would look forward to seeing her first thing in the morning and small talk about the current events in the local newspaper each morning. I love you Mrs. Boulden, thank you for all you did. My SHERO!! My thoughts and prayers are with the family. God Bless you all.
