“ I remember Randy from a fun-loving child to an adult who faced more problems in life than most people ever have to face. But Randy kept on going with a fighting spirit.  
A special memory of Randy that blessed me was during the time he worked for the Austin Hotel. While I served as the chairman, our church had many of its state meeting in Hot Springs next door to the hotel . Many of us stayed in the Austin Hotel. I saw Randy several times during our meeting. He did more than his part to be sure that Uncle Joe and Aunt Wanda were well served and had no need of any service that he or the hotel could provide. I was proud to introduce him to people who saw us together.  
Randy has now left us but not without a fight. Though we do not see him, his memories will always be with us. We pray for the family in adjusting to the loss of a Dad, Grandpa and special friend. Love and prayers to all of the immediate family. God still loves us and He will care for us in our times of sorrow and hurt.

I'll always remember Randy from my childhood.. He was the big brother of Tammy, Bobby and Tony. .. He was a bit older then we were and we always looked up to him with respect.. I'll always remember him trying to get Bobby out of his shyness stage.. That he did!!  
.Bobbyboobusbaby is the nickname, if im not mistaken Randy gave that name to Bobby.. Lots a great memories as we grew older too.. Im saddened that we never connected in these latter years.. My condolences to you all. God Bless!
