“ I remember when my kids thought it would be fun to T.P his house, they we're having so much fun until he came out and chased them all over the neighborhood in his car. The others we hiding in the tree's in the backyard because they thought he was after them . He scared them pretty good, but he would have also protected them too! We laugh about it still .

“ All the staff at St Vincent Hospital loves Randy and admired his courage and strength. Even though he had to stay here for so long, he was always pleasant and courteous to us all!❤️ He fought hard for everything he got, trying to get stronger from his illnesses. I remember one day he called me into his room and said he felt good... He had a brief period where he could breathe without struggling and had no pain. He relished that moment and smiled. To his family, he loved all of you and was so proud of each and every one of you. I feel blessed for the little bit of time we had with him. Im so sorry such a beautiful soul had to leave us so early. Our prayers go out to all his family. He will be missed.

The Clowers family sends our condolences. He was first cousins to my late father, Richard Clowers. His mother, Katie and my grandmother, Mary were sisters.
