“ Randy, I have loved you for 50 years and I love you still, always and forever 💕. You were the the love of my life and always will be in my heart forever. Just like you said we came full circle. We had so many plans for the future and now I am lost without you. I will always keep you close in my heart and not a day goes by that I don't hear every word you told me about our future and our family, dreams, our love and how the circle had finally come together. We were so excited and happy , like teenagers again. I'm so glad I got to hold you and kiss you and I pray that I gave you some comfort in your last hours. Thank you for the opportunity to love you and be with you. Always and Forever, Love you, Billie Meredith 💔

“ *Andrea and I have been friends for over 30 years, so I have many wonderful memories of Randy. He was a great second father who truly loved his family and friends. He always gave the best advice. Randy always taught Andrea and I to never give up on anything we (or he) believed in and that included our friendship... a few years back Andrea and I had a spat, as sisters often do, Randy let us handle it amongst ourselves until he seen neither one of us were willing to give...that's where his great advice came in, separately he had a talk with each of us reminding us of how important family was...and as usual he was right. Even when we were teenagers he never lectured us...he just had a way of making you stop and think about things. I will greatly miss his loyalty to those he respected and loved, his wonderful sense of humor and above all his fatherly advice. ❤️*
