“ I drove part Caddo Valley Golf Course the other day on my way out of town. I pretty much grew up there with my grandfather. I think that is where my secret talent of golf came from. That the first place I learned to drive too. He started me on golf carts and I thought I was the coolest thing around, golfing with then guys, while they drink beer and driving them around the course! I remember pro shop pre packaged sandwiches for lunch and Gatorade galore!! I will never forget that time and me passing golf down to my daughter years ago brings on a new meaning and I hope I can make memories with her like grandpa did with me.

“ I never knew this man (my loss), but he raised a wonderful daughter Viki Smith, and would have loved to meet the other. My daughter Laura Ann Weston-Ware thought the world of him and his family. God gave him rest, and hearts will be sadden by this. Just remember the good times, and know that he still lives in each one of you.

“ I have countless memories of my grandfather. I will never forget my cousins and I riding around in the red truck everywhere with him listening to Mickey Mouse Jams in the tape player! I will also never forget the many time we played golf together. I started going with him as a very young child to caddo creek and I never pass it without thinking of all the good times I had with him. He always let me drive the cart and I have a new appreciation for those memories. There are so many more I could go on for days. Love you grandpa. Now that you are with grandma I have the most amazing guardian angel team anyone could have!

“ I remember one Christmas we all got together and built a float for the parade. Shannon, Vanessa, and Shelby were angles sitting on the back of the flatbed trailer that Richard had borrowed and Sharon and others had decorated! I think Chris drove the pickup with Richard and Sharon sitting in the back. All the others threw candy along the route! After the parade we all went back to the lake house, built a huge fire, and got warm! Such fun!

I worked with Dick at Braniff for many years He was an excellent supervisor and ticket agent. He was also an excellent man. One who when he gave his word you could take it to the bank. The world will be a darker place without him. Rest in peace Dick

*Leroy, I'm his oldest child. I used to go to work with dad a lot, you may remember me. Dad working for Braniff is why I hired on at American. I retired from there after 32 years. He gave me the airline big for sure. He will be dearly missed. Thanks for your kind words.*
