

## Robert Christopher Bradford

January 6, 1978 - August 30, 2017

Robert Christopher Bradford, age 39, of Hot Springs, passed away August 30, 2017.

Survivors include his parents John Robert Bradford, who was not just his dad but his best friend. Dana Sue Bradford, mother and grandmother, who will be there to hug Logan when he misses his dad. Chris's younger brother, Michael Daniel Bradford who was Chris's gaming buddy. Chris's son, Logan Alexander Bradford who Chris said he loved most in his life. Aunt "Silver" Valovich who Chris said reminded him of the crazy uncles in the movie "Secondhand Lions". Chris's best friends since childhood, Jay, Danny, Tyse, and Charles, who were always there for Chris in good times and bad and had so many good times together and made so many great memories with Chris. Mathew and Jazz who were good friends that enjoyed movie marathons with Chris and just chatting on their porch. All the folks at Perkins Restaurant where Chris worked for so many years, and so many more who will miss his quick wit, good nature, and ability to make people smile and laugh.

Chris will be greatly missed by everyone whose lives he touched. He was a good son, good father, and good friend. His legacy was love, laughter, and his son Logan. He left us too soon, but I think God just couldn't wait to have Chris there with Him making Him smile and laugh just like he did everyone who knew him in life.
