“ Sis this was the week before you gained you wings in heaven 💖. FaceTime 😂 you showed me how to do all the different things & you made my face like that then screenshot it 😂. We laughed so much it was amazing. It's hard not hearing your voice everyday or seeing your beautiful face on FaceTime at the end of our days sharing how crazy the day was. Please watch over us down here. And just know you are loved & missed beyond words. I still cry almost every night but I know I'll see you again one day so save me a spot and tell Momo hi for me please. I love you to the moon & back a million times over 😞
