“ I worked with Thomas(Tee) from 1992 up until he retired. He helped so many people over the years. He was patient, strong and we laughed a lot. It was a sad day when he left the hospital.RIP friend

“ I worked with “T” for many years as a Physical Therapist. He was always friendly, caring and compassionate with our patients and staff. He helped me many times and I always appreciated his calm, kind demeanor. He was very knowledgeable, but never condescending and got along with everyone at Levi. I returned to work at Levi after he started working at CHI and it wasn't the same without him.
