“ Ill never forget waiting for yall sometimes it would take days.. When you did finally show up.. You took the ride without permission and either was there for hours or not long at all.. Eventually she knew you were there and come find you.. You did alot for me and my family and we will always be grateful for it.. Glad our paths have crossed and you will be missed more than you know.. Love and miss you Victor.

“ I remember the time you pulled up driving your mustang convertible. You took us to pick up my son's friend and then we ate at Sonic. Then the next time you came down you threw me the keys and said take it for a ride. We were so excited 😁 (me, kaley, & the boys) I remember driving down the road feeling so carefree and happy. That made my day!! You always seemed to put a smile on my face with your witted humor. We miss you so much Victor!! I will never forget you!! You'll always hold a special place in my heart ❤️ Goodbye...until we meet again.
